U. S. TURF HAS POOR JOCKEYS:

Many So-Called Jockeys Lack Sufficient Knowledge to Make Efficient Exercise Boys; Longer Races Will Make Better Riders, For the Trainers Will All Be Obliged to Insist on Higher Class Work.

BALTIMORE. Md. April 35.—The stake or handless three-year-olds are demonstrated that the American turf is indeed in a bad way when it comes to jockeys. Boys have been riding here that are not competent to gallop horses, much less ride races, and in this connection longer races will make better riders. It will not make jockeys by giving the incompetents mounts in these races, but it will bring back the exercise boys from whom the lockeys are recruited.

Beaute or handless three-year-olds are seen demonstrated at Enwise was a convincing proof that there was a distance of ground if such programs are insisted upon. During the Bowis meeting that was conducted at Enwise was a convincing proof that here was a distance of ground if such programs are insisted upon. During the Bowis meeting that was conducted at Enwise was a convincing proof that here was a distance of ground if such programs are insisted upon. During the Bowis meeting that was conducted at Enwise was a convincing proof that here was a convincing proof that there was the received that there were fire recei

lockeys are recruited.

A horse cannot be trained on a halter shank to race a mile and a unarter, as they so frequently are for sprints. Three-furiong breezes will not carry a horse over that distance, and the trainers as will begin to educate lockeys during the galloning hours in the old-fashioned way.

Almost any trainer can fit a horse to race five and a liaif or six furiousa, but it is a test of the man as well as the horse when the route is stretched out to a mile and a guarter. Almost any lockey who learns alternases at the post becomes a star rider when he only performs in sprint races, but it requires a degree of horsemaniship and a knowledge of pace to pilot a horse ten furlongs.

Few Good Three-Year-Olds.

So few good three-year-olds were raced at flowle that practically no line is hadden the prospects in that and division. They were at heat good selling platers, and it will be some time before

National League Shortstops Are Best -:||:- -:||:- -:||:- -:||:-While Americans Excel In Outfielders

By FRANK G. MENKE.

EW TOHK. April 26—John K.

Tener advances the oninion that the National league shortstops are in a class by themsolves. Individually or collectively the National leaguers are far beyond anything in the American, said the oil league executive. That that isn't anything really new. The National always have been superior to the American in the shortstopping end of the game.

"The American isague basm't a man in Bauctoft's class as a fielder. He appeals to me as one of the very great shortstops that the game has produced. And he man treathed his creative, the three shortstops that the game has produced. And he man treathed his creative, the Rayces, Herzog, of the Reds, gretcher, of the Giants, Wagner, of the Braves, Herzog, of the Reds, gretcher, and O'Mara, of the Braves, Herzog, of the Reds, gretcher, and O'Mara, of the Braves, Herzog, of the Reds, gretcher, and O'Mara, of the Braves, Herzog, the second of the first in leaguers—and what is the answer?"

But I'll admit this franklya the American league outfielders surely are better than those in the National. The collection of gardeners in the American league outfielders surely are better than those in the National. The collection of gardeners in the American league outfielders surely are better than those in the fashing roome in the play for the Same.

Harry Fayne Whitney's Unheaten Regret will probably be the favorita in the big Kentucky handleng which will be run at Dougha Park (Kry, May 10, The specify filly, which won the Kennex work of the game and the class of the field. Of course, she will be pitted against the fasher youngsters in the running game, into oilside of Water Blossom, the great Kentucky filly, she ranks as the peer of her rivals for the first place honors.

I have been superior to the American in the leaguers are the fasher to the produced of the first place honors.

I have been superior to the American in the superior of the first place honors.

The specially for the \$15,000 parts the first place honors.

I have been superior to the American in

PRESIDENT J. M. LAWTON, of the Border States Tennis association, puts a new angle on the annual Border States meet, which opens at Tucson on May 10 and 11. In a letter to The Herald he states that "the primary object of these big tournaments is for business men of the southwest to get together, forget their business and meet in a social way and I believe they have had, in the past, a splendid effect in helping to unite the southwest." Mr. Lawton has the right idea and El Pase tennis enthusiasts will be in hearty accord with his sentiments.

ONE new event on the Border States Tennis association's program for the Tucson meet is a veterans' mixed doubles. Last year we had the veterans doubles. The junior singles have also been added this year and this event is open to youths who have not yet reached their 18th year.

SOME good baseball should result from the clash between Puritys and Everybodys next Sunday in the Commercial league series at Rio Grande park. It will be the turn of Soldier Maresch to pitch for the bakers while Paul Fisher is due to work for the clerks. And if that doesn't look like a pitchers' battle we'll admit being bad guessers.

EVIDENTLY the Federal league of 1915 was quite as fast as either the National or American circuits. Former Federal pitchers seem to be winning a mighty fair share of their games in the two big leagues of organized ball this year.

CLAUDE GRAHAM is having his troubles in professional baseball, He accepted terms with St. Joseph and then joined Los Angeles. The national organization awarded him to St. Joseph and before he reported there he was suspended, the notice appearing in the current national bulletin. But the Saints needed a twirler and shoved Graham into Tuesday's game after Thomas had lost it. Garham pitched fair ball, two runs scoring against him, but an error helped the Wichita team. With any kind of a real team behind him, Graham should be a winner in the Western league but the St. Joseph 'team" hasn't qualified as a real

CLIFF HILL is going good with the Waco club right now. On Tuesday he let Shreveport down with two hits. This was the second consecutive victory for the El Paso boy.

SAMMY BEER, a pet of the local fans last year, was another win-ner Tuesday. Pruitt started against Los Angeles for Oakland but was wild and was replaced by Beer, who he.d the all-star Angels safe while he was on the mound and Oakland won, 8 to 3;

BYRD LYNN, another ex-Rio Grande star, caught the full American league game at Cleveland for the White Sox on Tuesday. He handled four pitchers without an error and while he failed to get a hit off Coumbe, he starred with five

[ACQUES FOURNIER surely had J his batting togs on Tuesday. While the White Sox gut only six hits off Coumbe, of the Indiana, the first sacker got two singles and a double in four times up.

YOU never can tell about the New York fights. Take the case of Levinsky and Dillon. When they met in Brooklyn, the New York scribes gave Levinsky a clear verdict. But at Kansas City on Tuesday night, Dillon got a referee's decision over Levinsky and, according to telegraph accounts, had the edge on the New Yorker in 13 of the 15 rounds.

HARRY WILLS has joined the Sam Langford Hippodrome company, taking the place left vacant by the retirement of Joe Jeanette. Harry and "Tham" are having frequent "fights" these days and, Tuesday night, it was Harry's turn to win. He did it at St. Louis in an eight-round affair,

DURITYS and Everybodys furnish the morning sport at Rio Grande park on Sunday. Feldmans meet the Seventh in the first afternoon game and Walz will meet the Kracksjacks in the closing event.

DAUL FISHER is already in demand as a pitcher for the semi-pro, teams of the southwest. He is now in Roswell, pitching in a threegame series for Capitan against Ros-well. He will be back in time to work for the Everybodys on Sunday,

MARQUEZ, the new Walz pitcher against the Krackajacks, hails from Clifton, Ariz, where he had a good record last year.

DILLON BEATS LEVINSKY

IN 15 ROUND BATTLE

Kansas City, Mo., April 26.—Jack
Dillon, of Indianapolis, defeated Batfling Levinsky, of New York, in a 15
round bout here Tuesday night and
was awarded the referee's decision.

The New York light heavyweight
won the second round and secured
an even break in the 13th, but Dillon
took the remainder. Levinsky did his
hest work at long range. Dillon
showed unexpected speed and several
limes had his opponent in distress. Inofficial righting weights were: Dillon,
165; Levinsky, 174.

COULON, FORMER BANTAM

Kenosha, Wia. April 26. Johnny Coulon, former bantamweight champion of the world signalized his "complace," to the prize ring. Tuesday night by defeating Johnnie Ritchie, according to critics at the ringside. The fight was fast and clever throughout the 10 rounds.

Have You PYORRHEA?

Bad breath and bleeding gums are symptoms of Pyorrhea.
Some of the causes are bad fitting crowns and poorly finished fillings, but if you have real Pyorrhea the treatment is more interesting.

In addition to recognized modes of treatment we have our own methods. Under ordinary conditions the necessary process of scaling is very prinful. However, by our new method, it is absolutely painless.
